

# SPECIAL SESSION

MONDAY, FEB 17

FEBRUARY 16-18, 2025

Tampa Bay, FL

As Mobile Integrated Health (MIH) and Community Paramedicine (CP) programs expand, the next frontier is ensuring these models are accessible to broader patient populations, including those in underserved or "ambulance desert" areas. This 2-hour interactive workshop brings together multiple expert speakers to explore the innovative technologies, tools, and strategies that can drive MIH/CP growth while addressing persistent challenges in connectivity and access.

### KEY TOPICS INCLUDE:

**Tech-Driven Expansion**

**Connectivity Solutions:**

- Cell Phones to Satellites:
- Identify and engage key technology stakeholders to create a collaborative, forward-thinking tech landscape for your MIH/CP program.

**Overcoming Access Barriers**

## TECH CHECK WORKSHOP

## The Tools & Tech Needed to Level Up MIH/CP

**REGISTER NOW**
